Bike Around Torino: Lanzo - Avigliana

Category: Cycling Routes
Titolo: Bike Around Torino: Lanzo - Avigliana
Descrizione del percorso:
A very beautiful route at the foot of the mountains, between Lanzo Valley and Susa Valley.

From Lanzo, you follow the mountain up and down to Caselette sotto il Musinè, then you enter the Susa Valley and reach Avigliana.

The route is mostly on paved roads with mixed traffic, popular with cyclists. The initial descent is towards Cafasse and Fiano, where the route begins to climb, crossing the Ceronda stream, passing the Truc di Miola, and with gentle climbs, reaching first La Cassa and then Givoletto.

After crossing the Casternone stream, turn left towards Alpignano and arrive at the entrance to the Susa Valley. Continue to Caselette, at the foot of Musinè, the mountain closest to Turin, and following the Susa Valley cycle path for a stretch, you head towards Almese. Before reaching the village, turn onto the Terre dell'Ovest cycle path, in an urban area that leads to Avigliana.
